

2025 SmartHike! Registration Form

SmartHike, started in 2011, offers a time/cost efficient way to hike sections of the Appalachian Trail.

Why carry a heavy backpack when you can day hike the trail?

The support van carries your food, clothing, camping equipment and water. All you carry is a day pack that should be under 10 pounds including water.

The average miles per day for the TN/NC/GA hike is 16 miles.

The average miles per day for the VA is 17.3 miles.

The average miles per day for the ME hike is 12.4 miles.

The average miles per day for the MA/CT/NY hike is 15.7 miles.

For more info, go to www.warrendoyle.com Click on ‘Hiking’ and then click on ‘SmartHike’

Please check the SmartHike you plan to register for:
